FREQUENTLY ASKED QUESTIONS

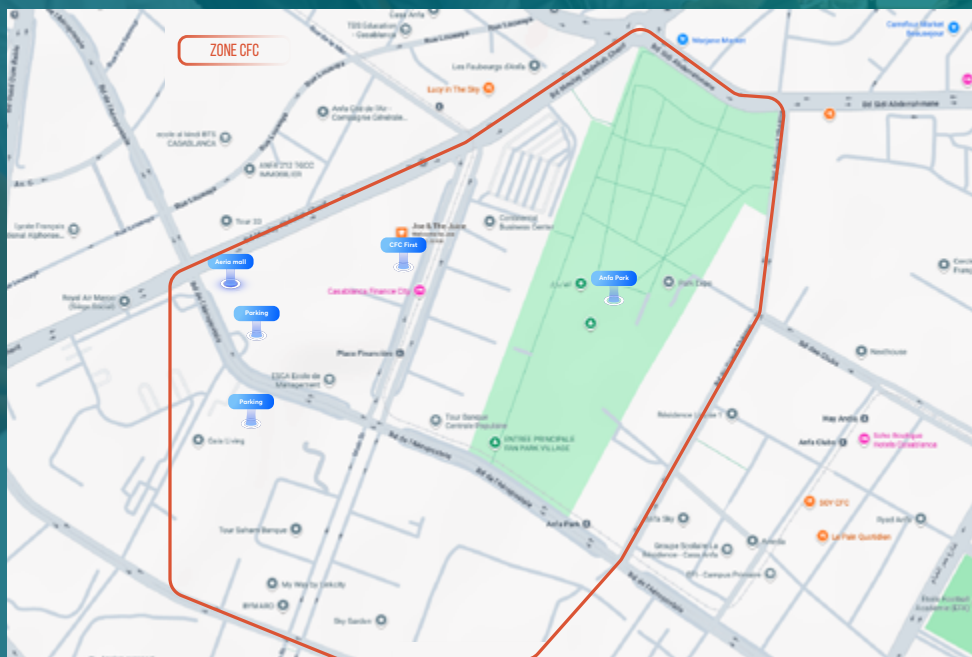

HOW CAN YOUR COMPANY BENEFIT FROM THE ADVANTAGES ASSOCIATED WITH THE CFC STATUS?

Operationally, everything has been designed to facilitate your integration. No specific procedure is required, as the compliance team informs the tax authorities of your status approval. Thus, starting from your first declarations, you will be recognized—via your tax identification number—as a company benefiting from CFC status.

WHAT PROCEDURES SHOULD BE COMPLETED WITH THE BANKS TO ACTIVATE CFC-TYPE ACCOUNTS?

Operationally, please note that a specific category of bank accounts—“CFC status” accounts—has been implemented. If you previously held a foreign currency account or a convertible dirham account, it fell under the exporter regime. You must now inform your banking agency of your change of status by providing your notification letter and, preferably, the latest circular from the Office des Changes so they can review the associated advantages. However, this step is not necessary with our partner banks, which are already informed and familiar with the matter.

HOW CAN I ENSURE THAT THE OFFICES OFFERED TO ME ARE LOCATED WITHIN THE CFC ZONE?

WHAT PROCEDURES MUST A FOREIGN APPLICANT COMPLETE BEFORE AND AFTER BEING HIRED?

The applicant must ensure that they are not required to obtain a visa to enter Moroccan territory. For further details on this matter, please consult the official website of the Moroccan authorities : <https://www.acces-maroc.ma>

If a visa is required, a business visa (AFF) or a work visa (TRV) must be issued. Service, tourism, or electronic visas do not allow applicants to apply for a residence permit once in Morocco. For family members, a family reunification visa (RGF) must be stamped in the passport.

Upon receiving the visa, the applicant must verify the type of visa issued.

At the same time, it is advisable to provide a criminal record extract (a required document when applying for the residence permit).

Once in Morocco, the applicant may proceed with obtaining the foreign employment contract, and then submit the residence permit application with the support of the accompaniment team.

Important: the residence permit application must be submitted within 90 days. Beyond this period, the applicant will be required to leave Moroccan territory and re-enter. Note that this can also complicate matters for accompanying family members, as they can only submit their own applications once the main applicant has received their receipt.

I HAVE NEWS TO SHARE WITH THE COMMUNITY - HOW SHOULD I PROCEED?

For any news you wish to share with the community, we invite you to contact the communication team at the following address : events@cfca.ma. The team will review your request and assist you throughout the dissemination process.
